

# ADA LOVELACE in Hinckley

A project to erect a statue of this remarkable lady in our town centre.

## We Need Your Support

Join our community project to fundraise for a bronze statue of Ada Lovelace to stand in her childhood hometown. Ada is recognised internationally, as the first computer programmer and figurehead for women in STEM subjects. Her contributions are monumental! This initiative aims to give our town a unique identity. Help us celebrate innovation, inspire future generations, and showcase our pivotal role in computing history. Contribute to the legacy of Ada Lovelace and make history in our community!
