Languages

Whether through technology, media, or travel – we are all becoming increasingly connected as global citizens. Learning a new language provides you with a new appreciation of diverse cultures and a new skill that can be used for business, work, holidays, and family life.

We offer 5 different languages: French, Spanish, Italian, German and Portuguese. From time to time we are also able to offer other languages, like Greek, so do make an enquiry if you are interested in a language not mentioned here.

By learning another language, you can gain a skill valued by employers, improve your confidence, and broaden your horizons. Classes are fun, social, and interactive, and help keep you and your brain active, whatever your age! You will discover more about the country, its culture, and its people to enhance your travel and life experiences.
